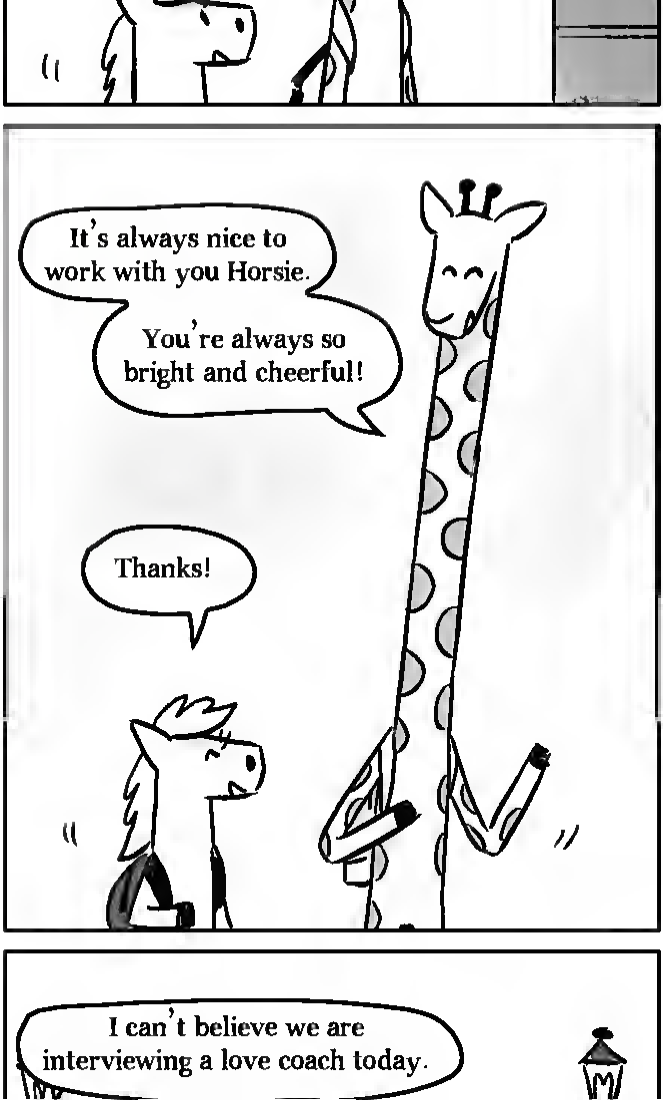
ROAR STREET JOURNAL

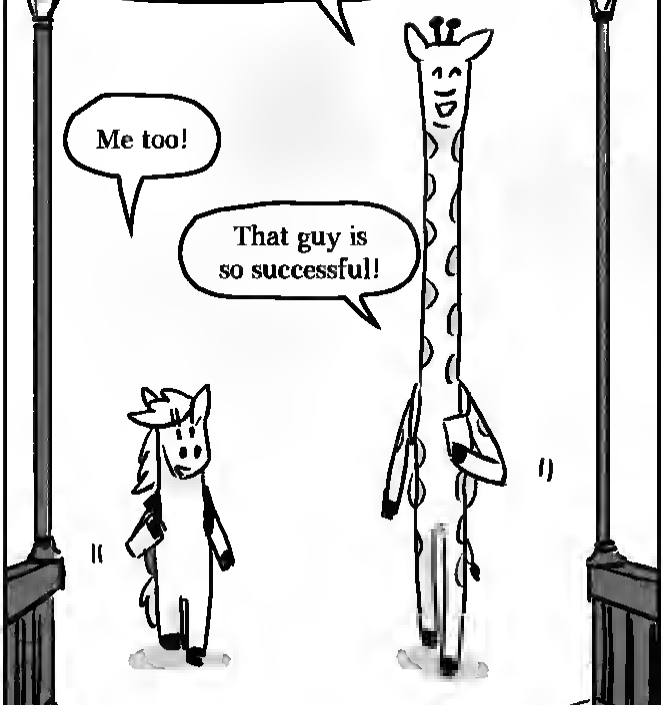
Walking Down Memory Lane

Yay!
Interview time!
RNAL
I love going
out for work!

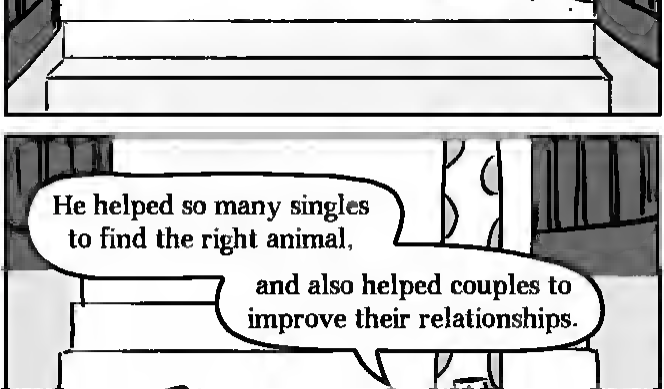
I haven't done interview outings with you for quite a while, right Giraffiel?
Yea, I think so!



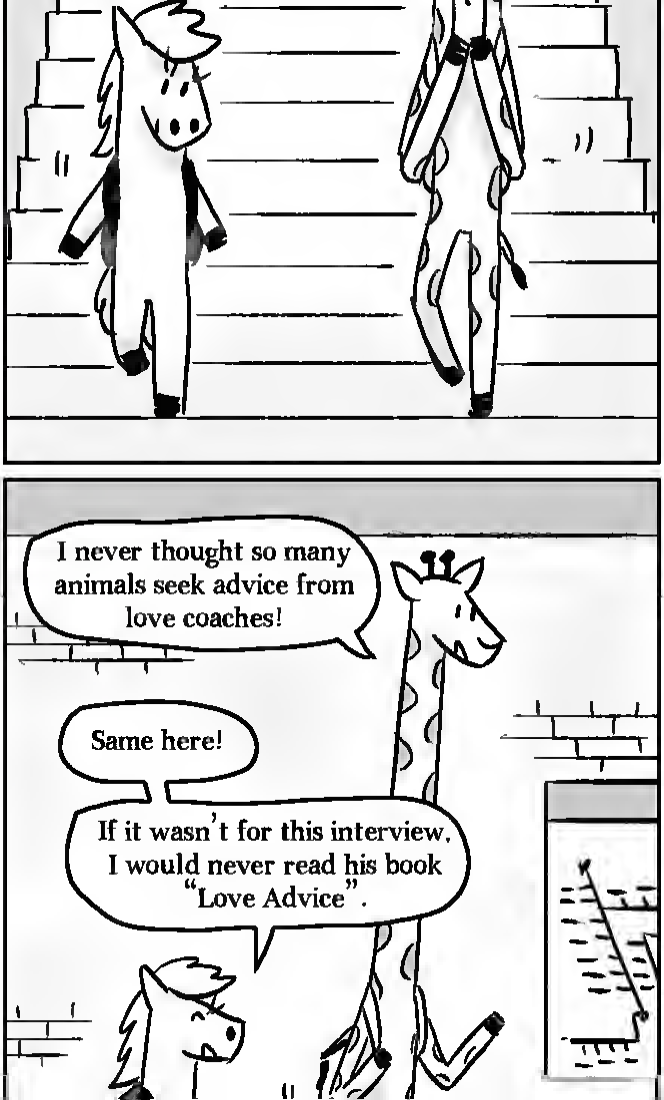
It's always nice to work with you Horsie.
You're always so bright and cheerful!
Thanks!
I can't believe we are interviewing a love coach today.



Me too!
That guy is so successful!

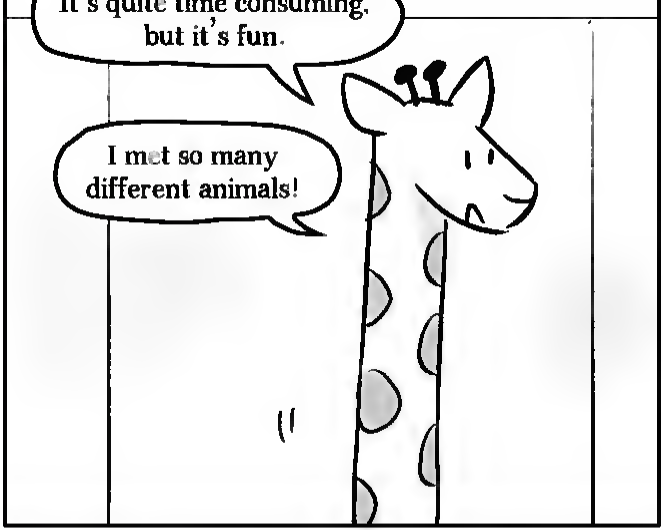


He helped so many singles to find the right animal,
and also helped couples to improve their relationships.

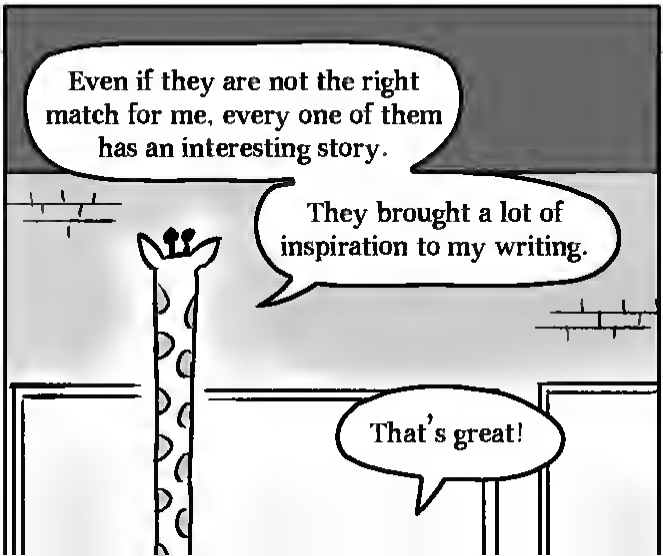


I never thought so many animals seek advice from love coaches!
Same here!
If it wasn't for this interview, I would never read his book "Love Advice".

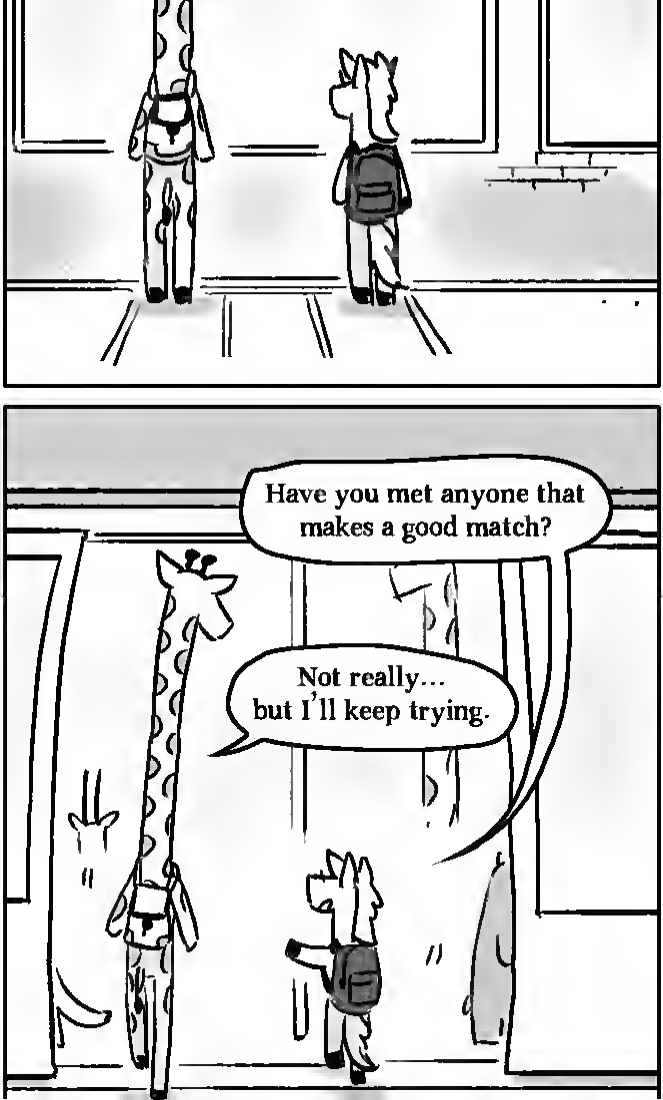
Oh right, I've heard you are trying out online dating.
How is it going so far?



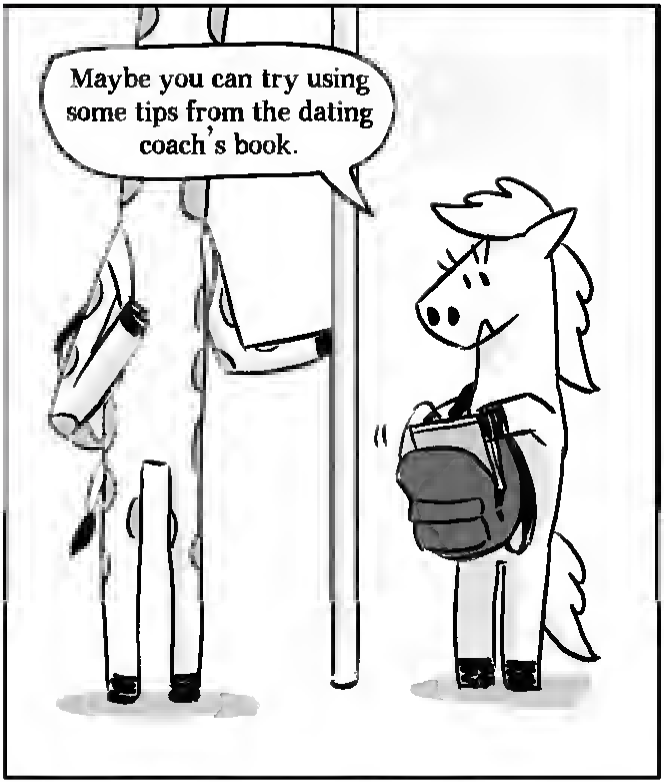
It's quite time consuming, but it's fun.
I met so many different animals!



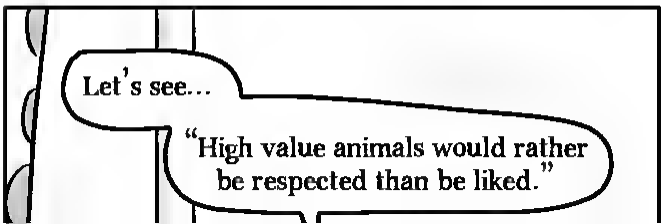
Even if they are not the right match for me, every one of them has an interesting story.
They brought a lot of inspiration to my writing.
That's great!



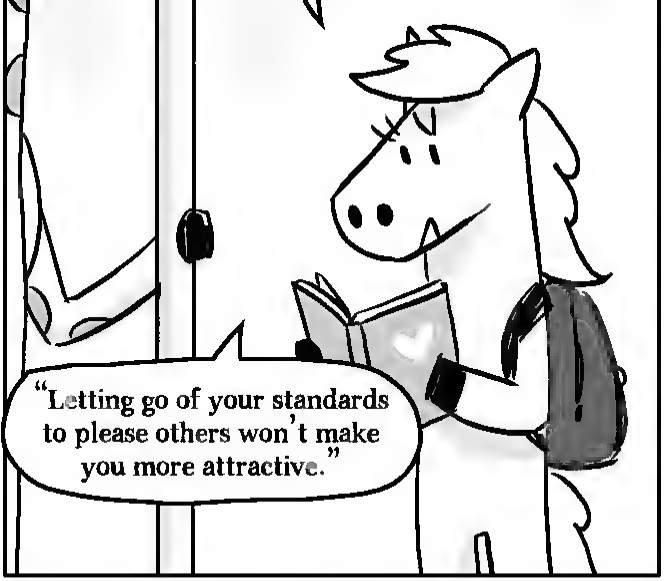
Have you met anyone that makes a good match?
Not really... but I'll keep trying.



Maybe you can try using some tips from the dating coach's book.



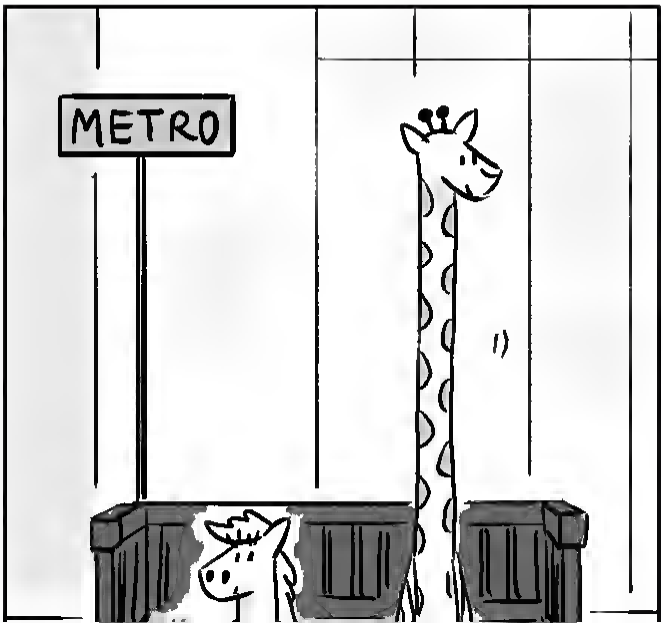
Let's see...
"High value animals would rather be respected than be liked."



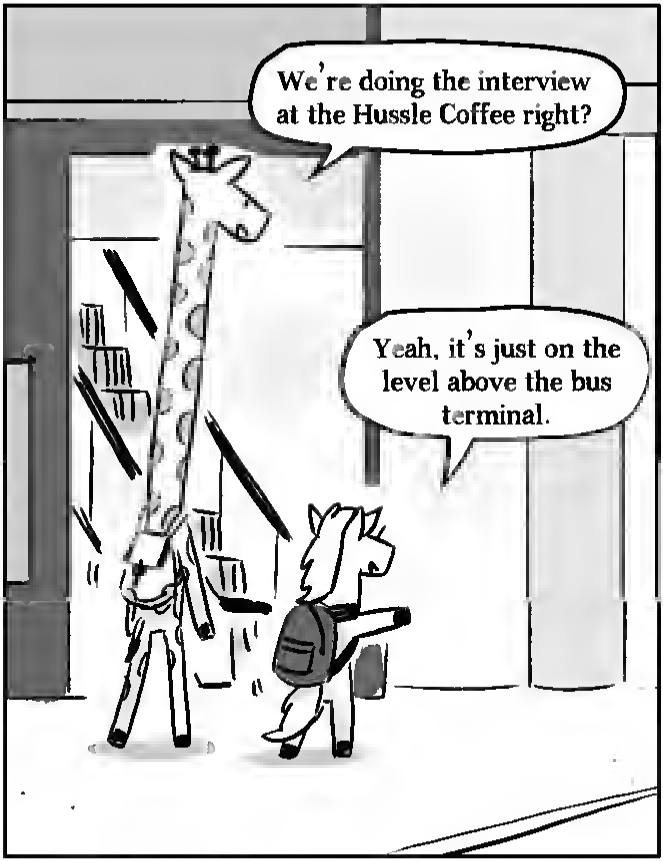
"Letting go of your standards to please others won't make you more attractive."

And many more...

...I wish I could've read this book earlier.

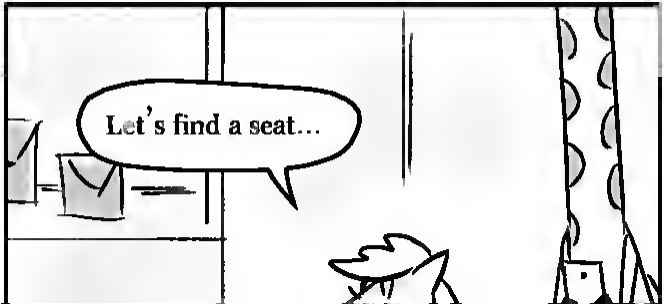


METRO

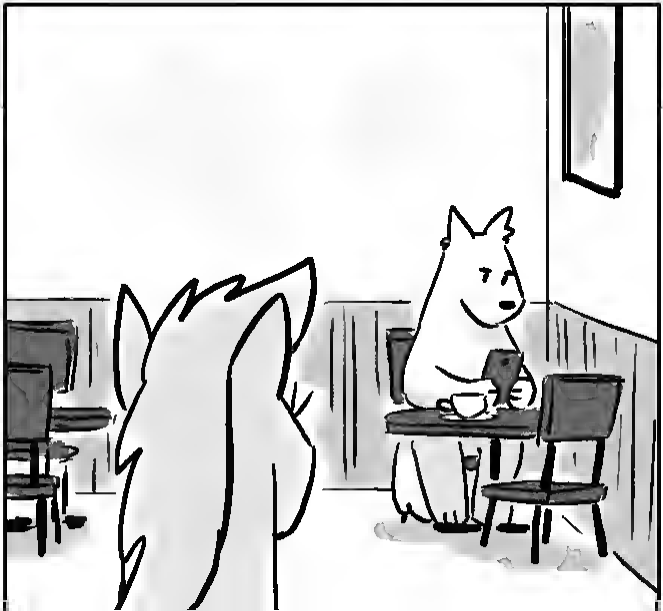


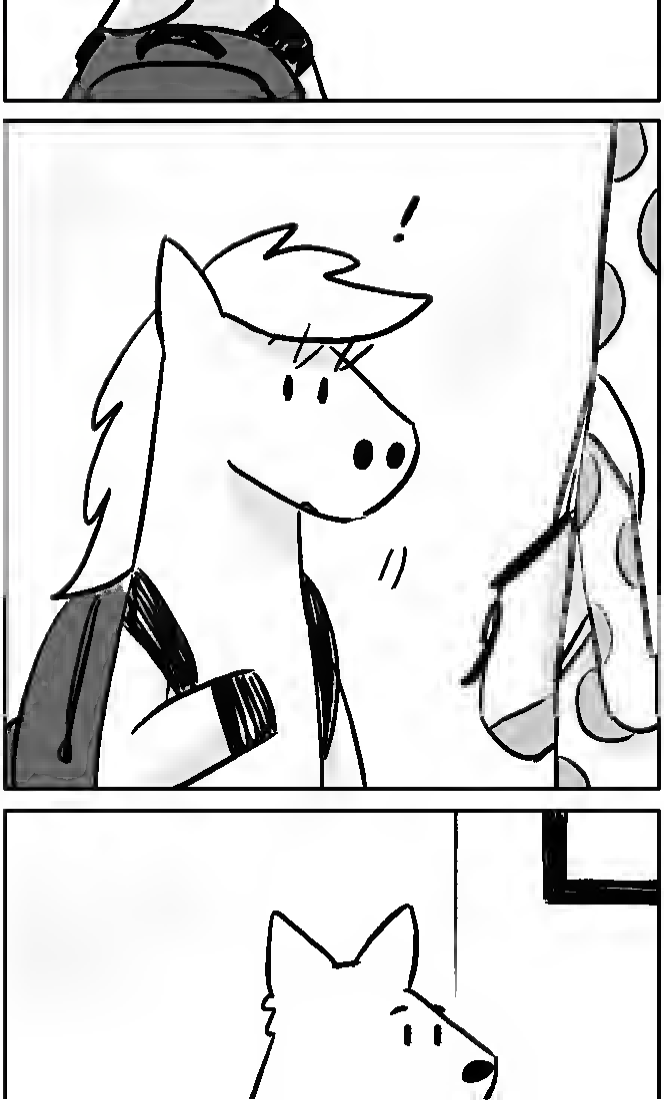
We're doing the interview at the Hussle Coffee right?
Yeah, it's just on the level above the bus terminal.

We are early!
Great! I can rehearse my questions.
I can prepare my notes too!

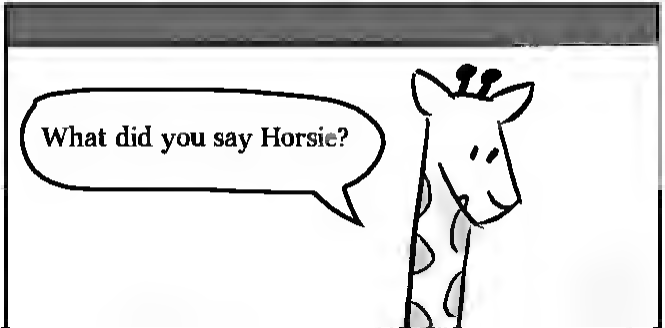


Let's find a seat...





We should have never picked Hussle Cafe...



What did you say Horsie?

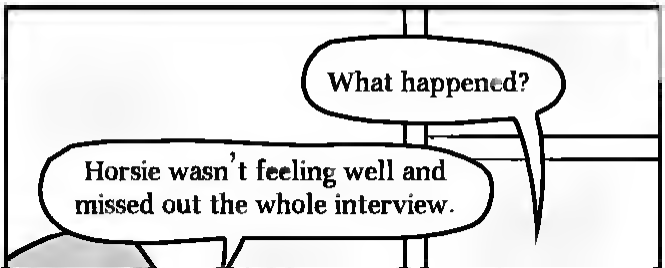
Horsie?

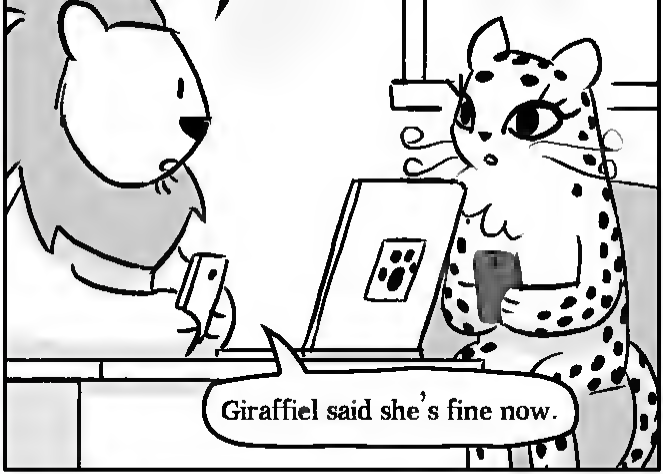
TAP

What? Horsie disappeared throughout the whole interview?

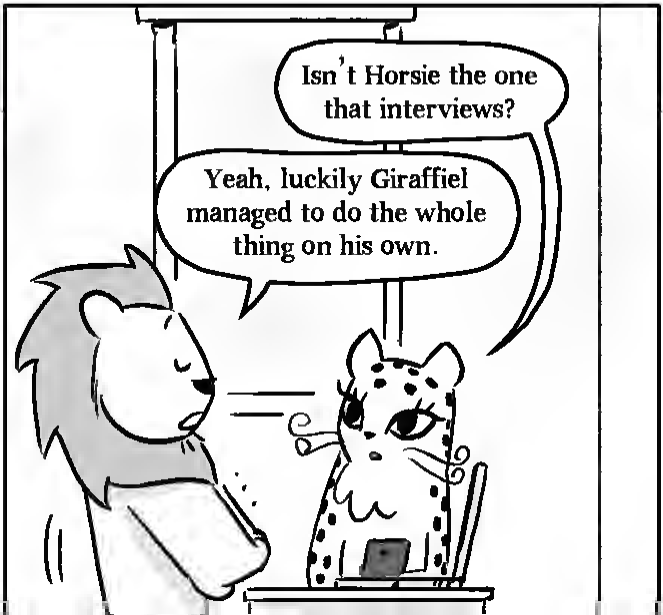
You guys are coming back?
Horsie's okay?
What?
Alright.
Bye.



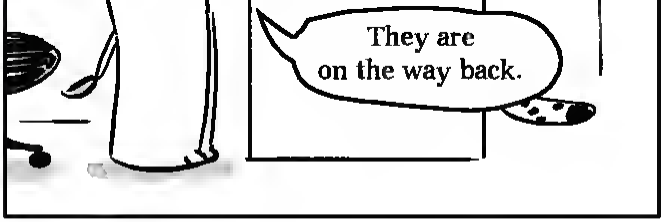
What happened?
Horsie wasn't feeling well and missed out the whole interview.



Giraffiel said she's fine now.

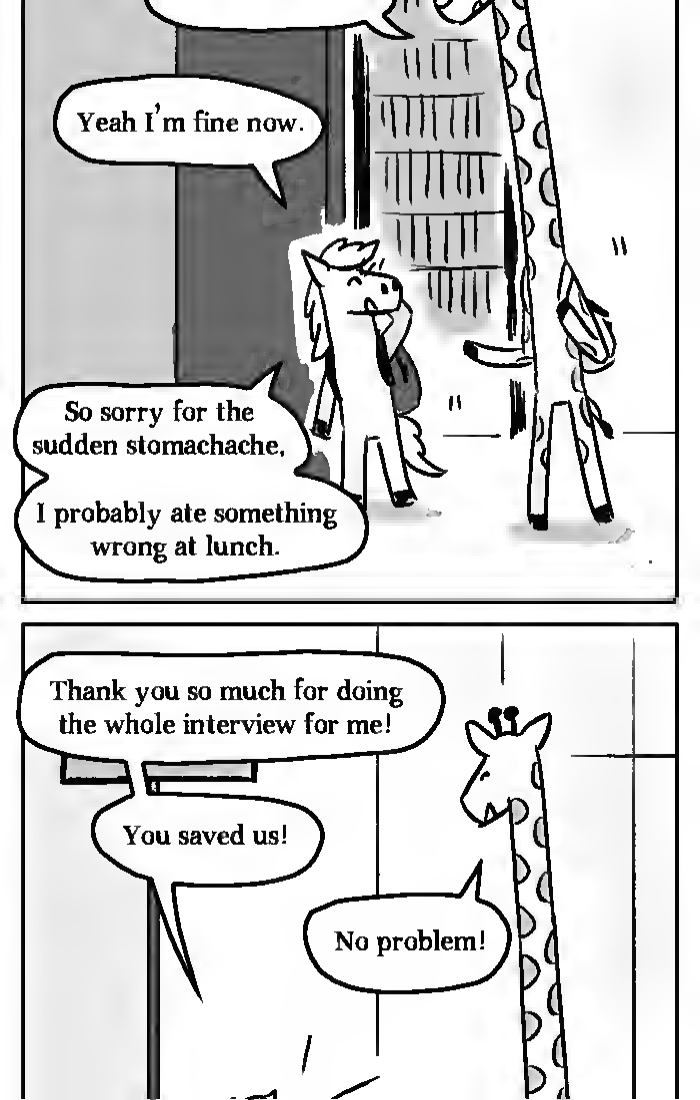


Isn't Horsie the one that interviews?
Yeah, luckily Giraffiel managed to do the whole thing on his own.



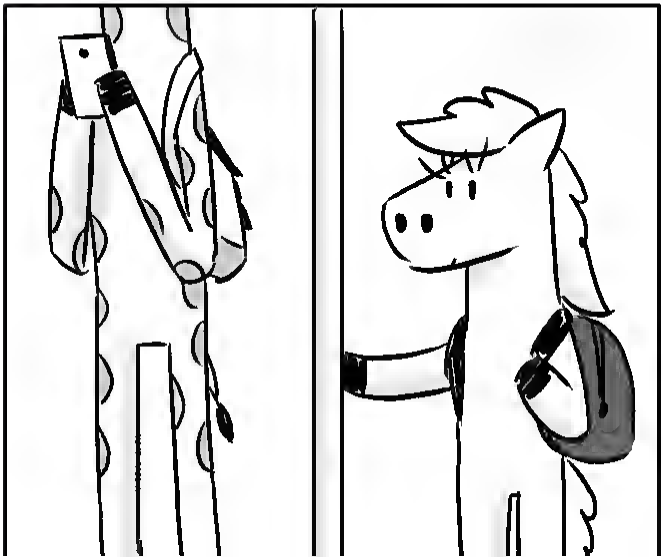
They are
on the way back.

Are you alright
now Horsie?
I was so worried!

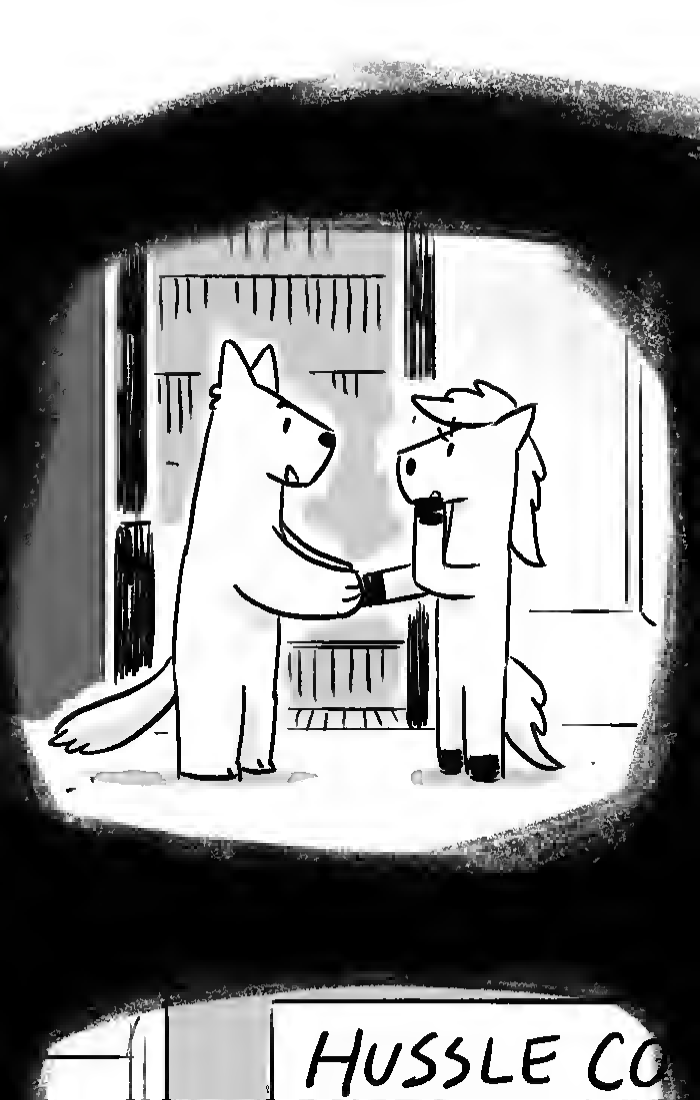


Yeah I'm fine now.
So sorry for the sudden stomachache.
I probably ate something wrong at lunch.
Thank you so much for doing the whole interview for me!
You saved us!
No problem!

I feel bad for you that you couldn't meet the love coach!
He's such a charming guy!

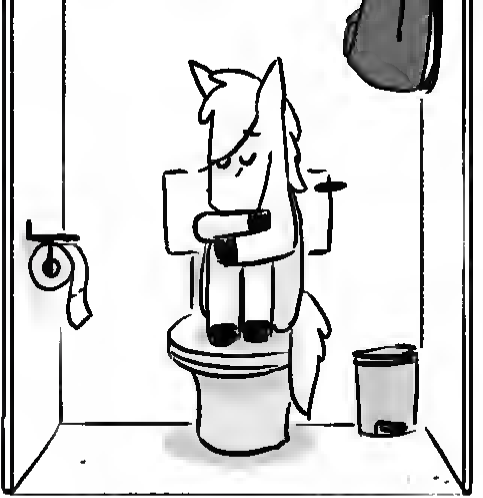


Sorry, I lied.



HUSSLE CO

I'm sorry...



I'm so sorry...
